Romney

## ROMNEY MARSH

This sheep can withstand, cold and wet conditions. It has a broad head with a dense topknot, white face, strong underjaw and white legs and black hooves. Its wool is 18 to 20cm long. It was popular for fat lamb production, less so nowadays.

#### SOUTHDOWN

This sheep is a popular breed from England. It is a major producer of lamb in Australia as well as New Zealand. It is a hornless, broad-backed, very shapely sheep with a broad short face, and dark muzzle and hooves. Its wool is spongy and between 5cm and 7cm long.

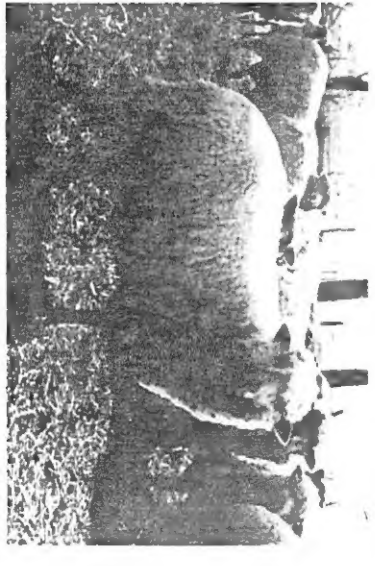

Suffolk

(has black faces & feet)  
and small heads
